

Comprehensive Population Analysis: Tables, Treemaps, and Temporal Trends

A multi-faceted view of population dynamics across humans, farmed animals, and wildlife

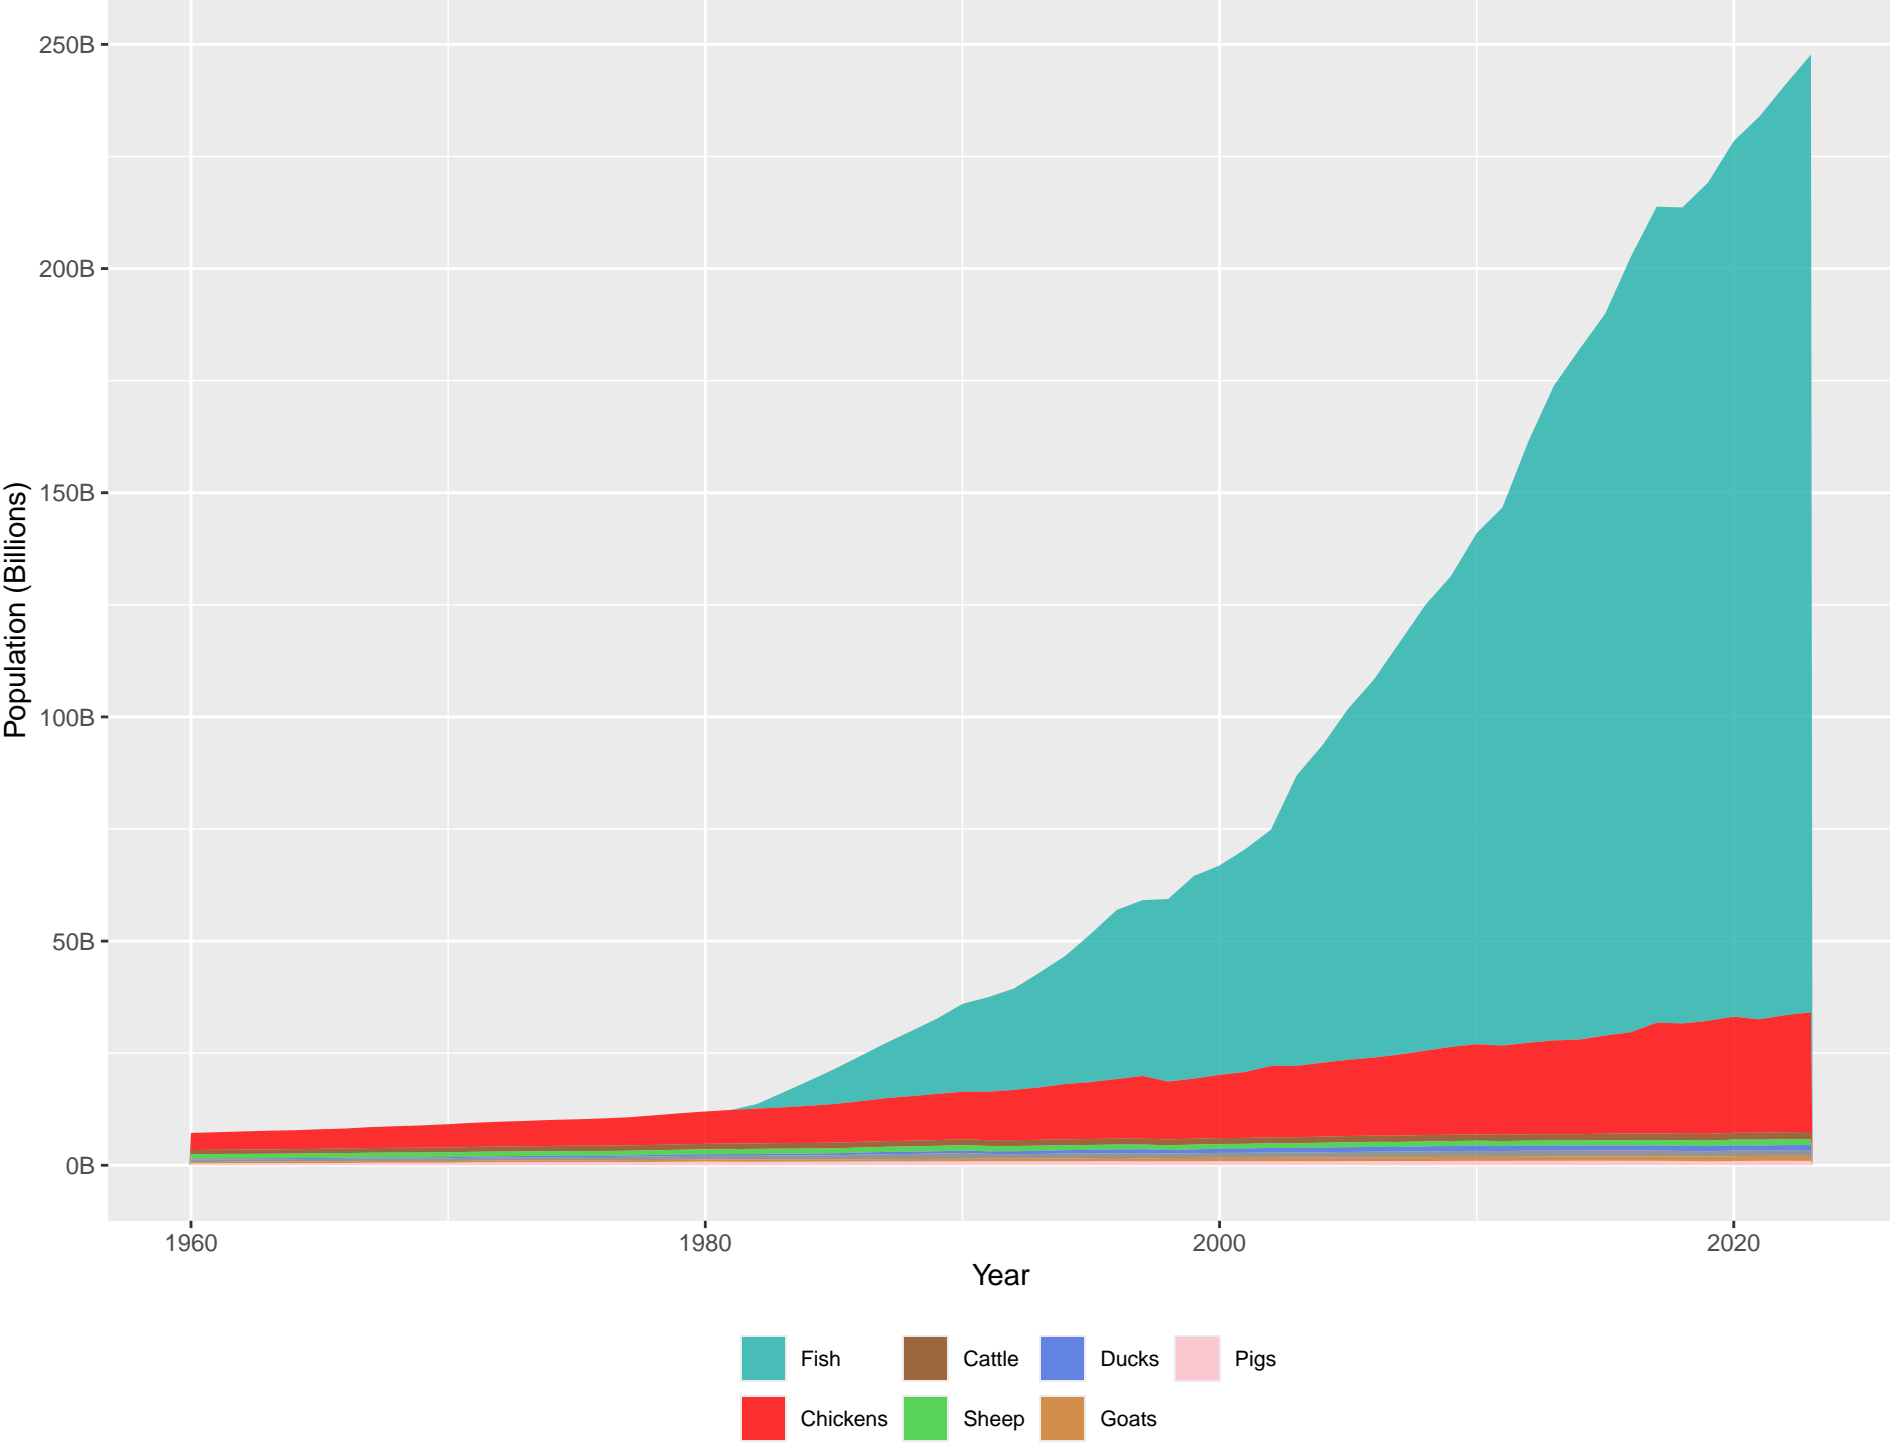

A. Population Treemap (2023)

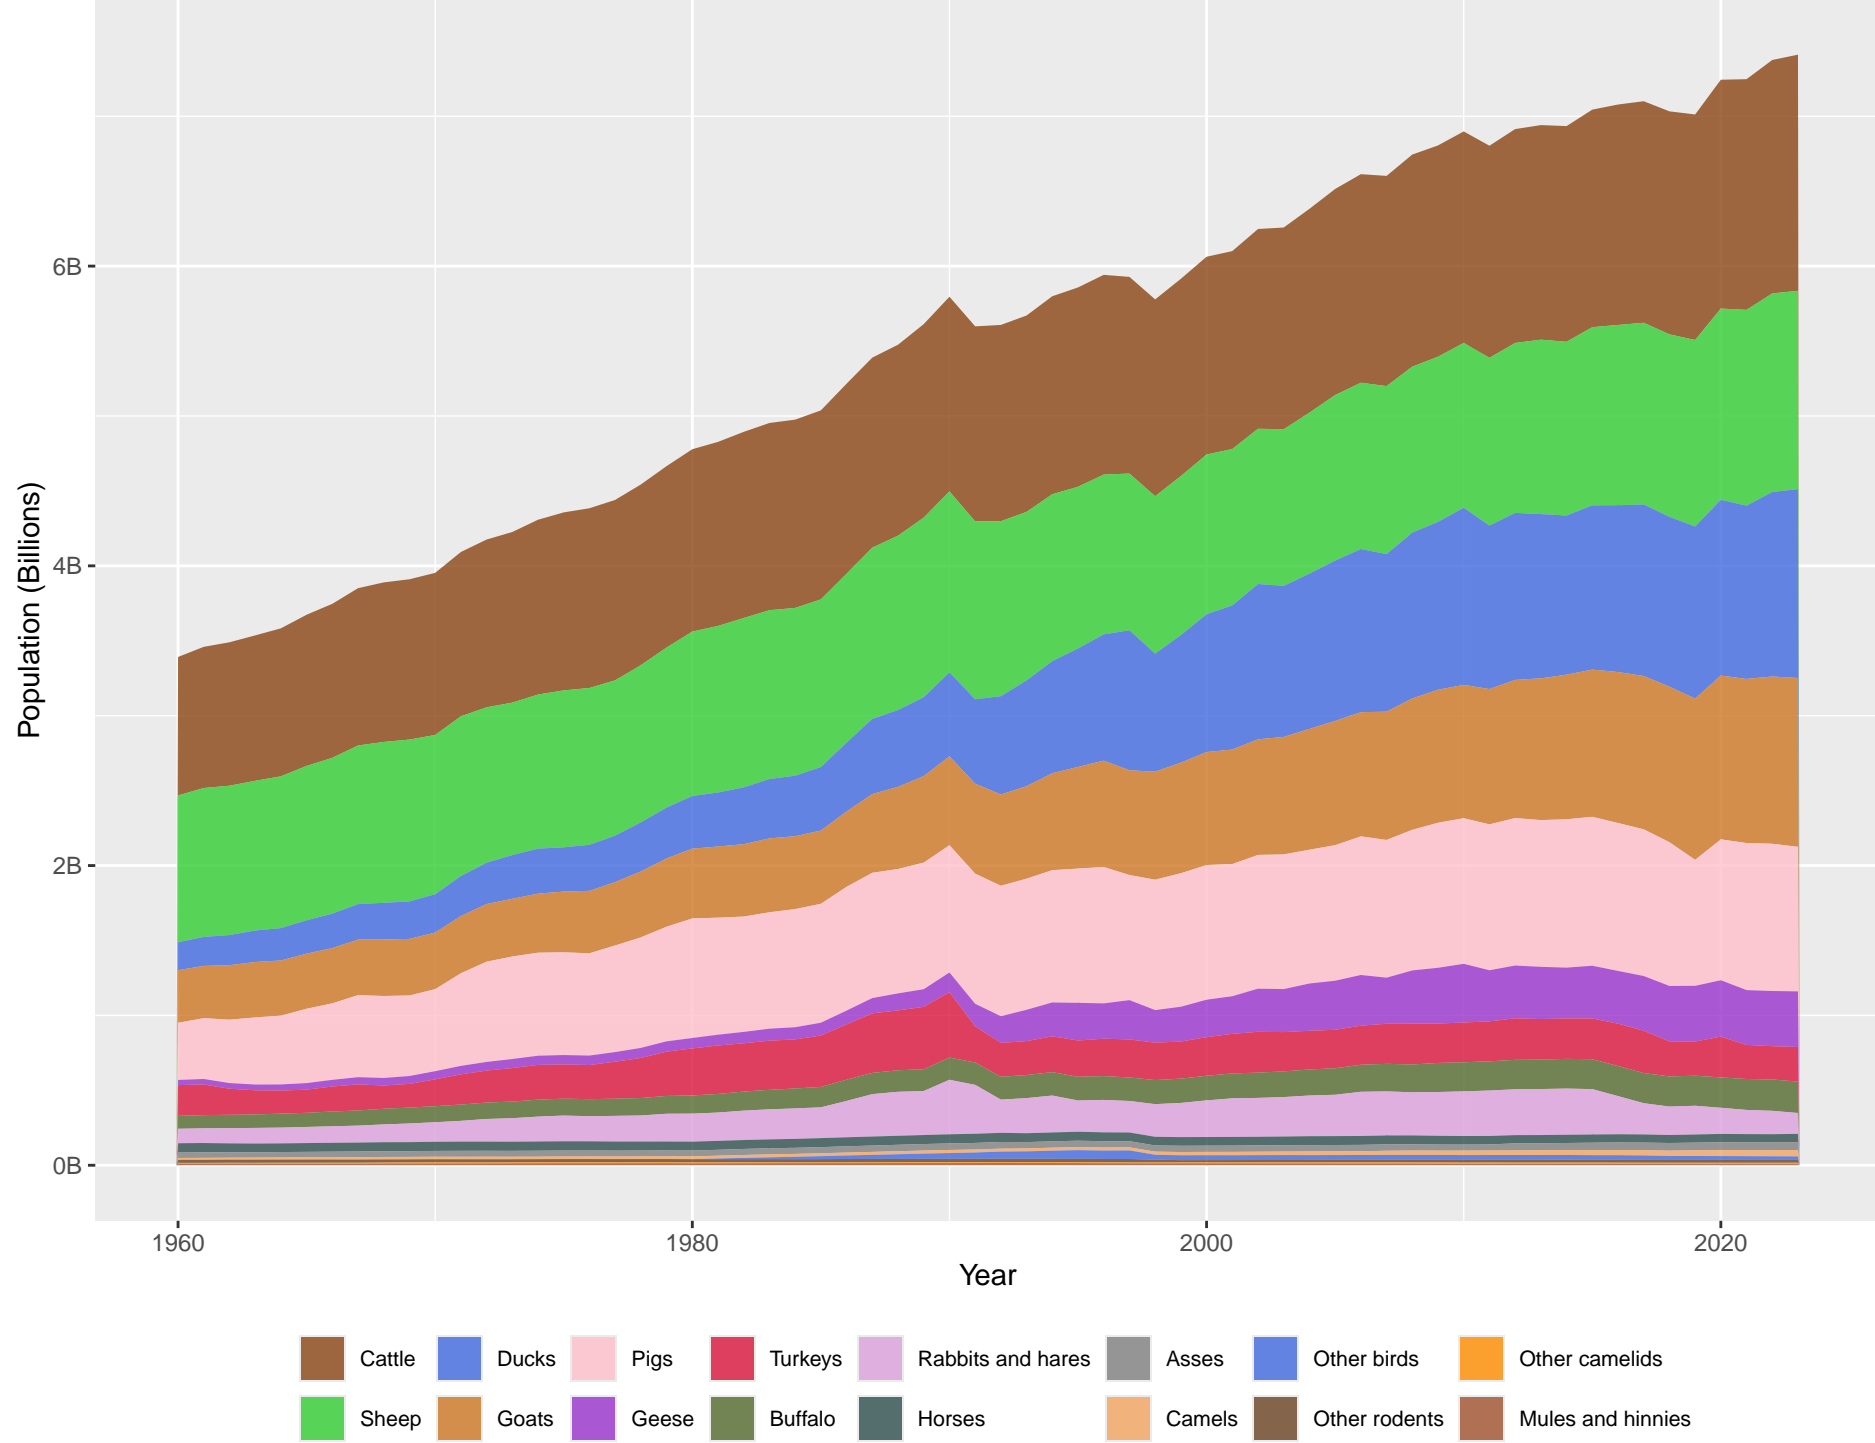

B. Human Population Trends

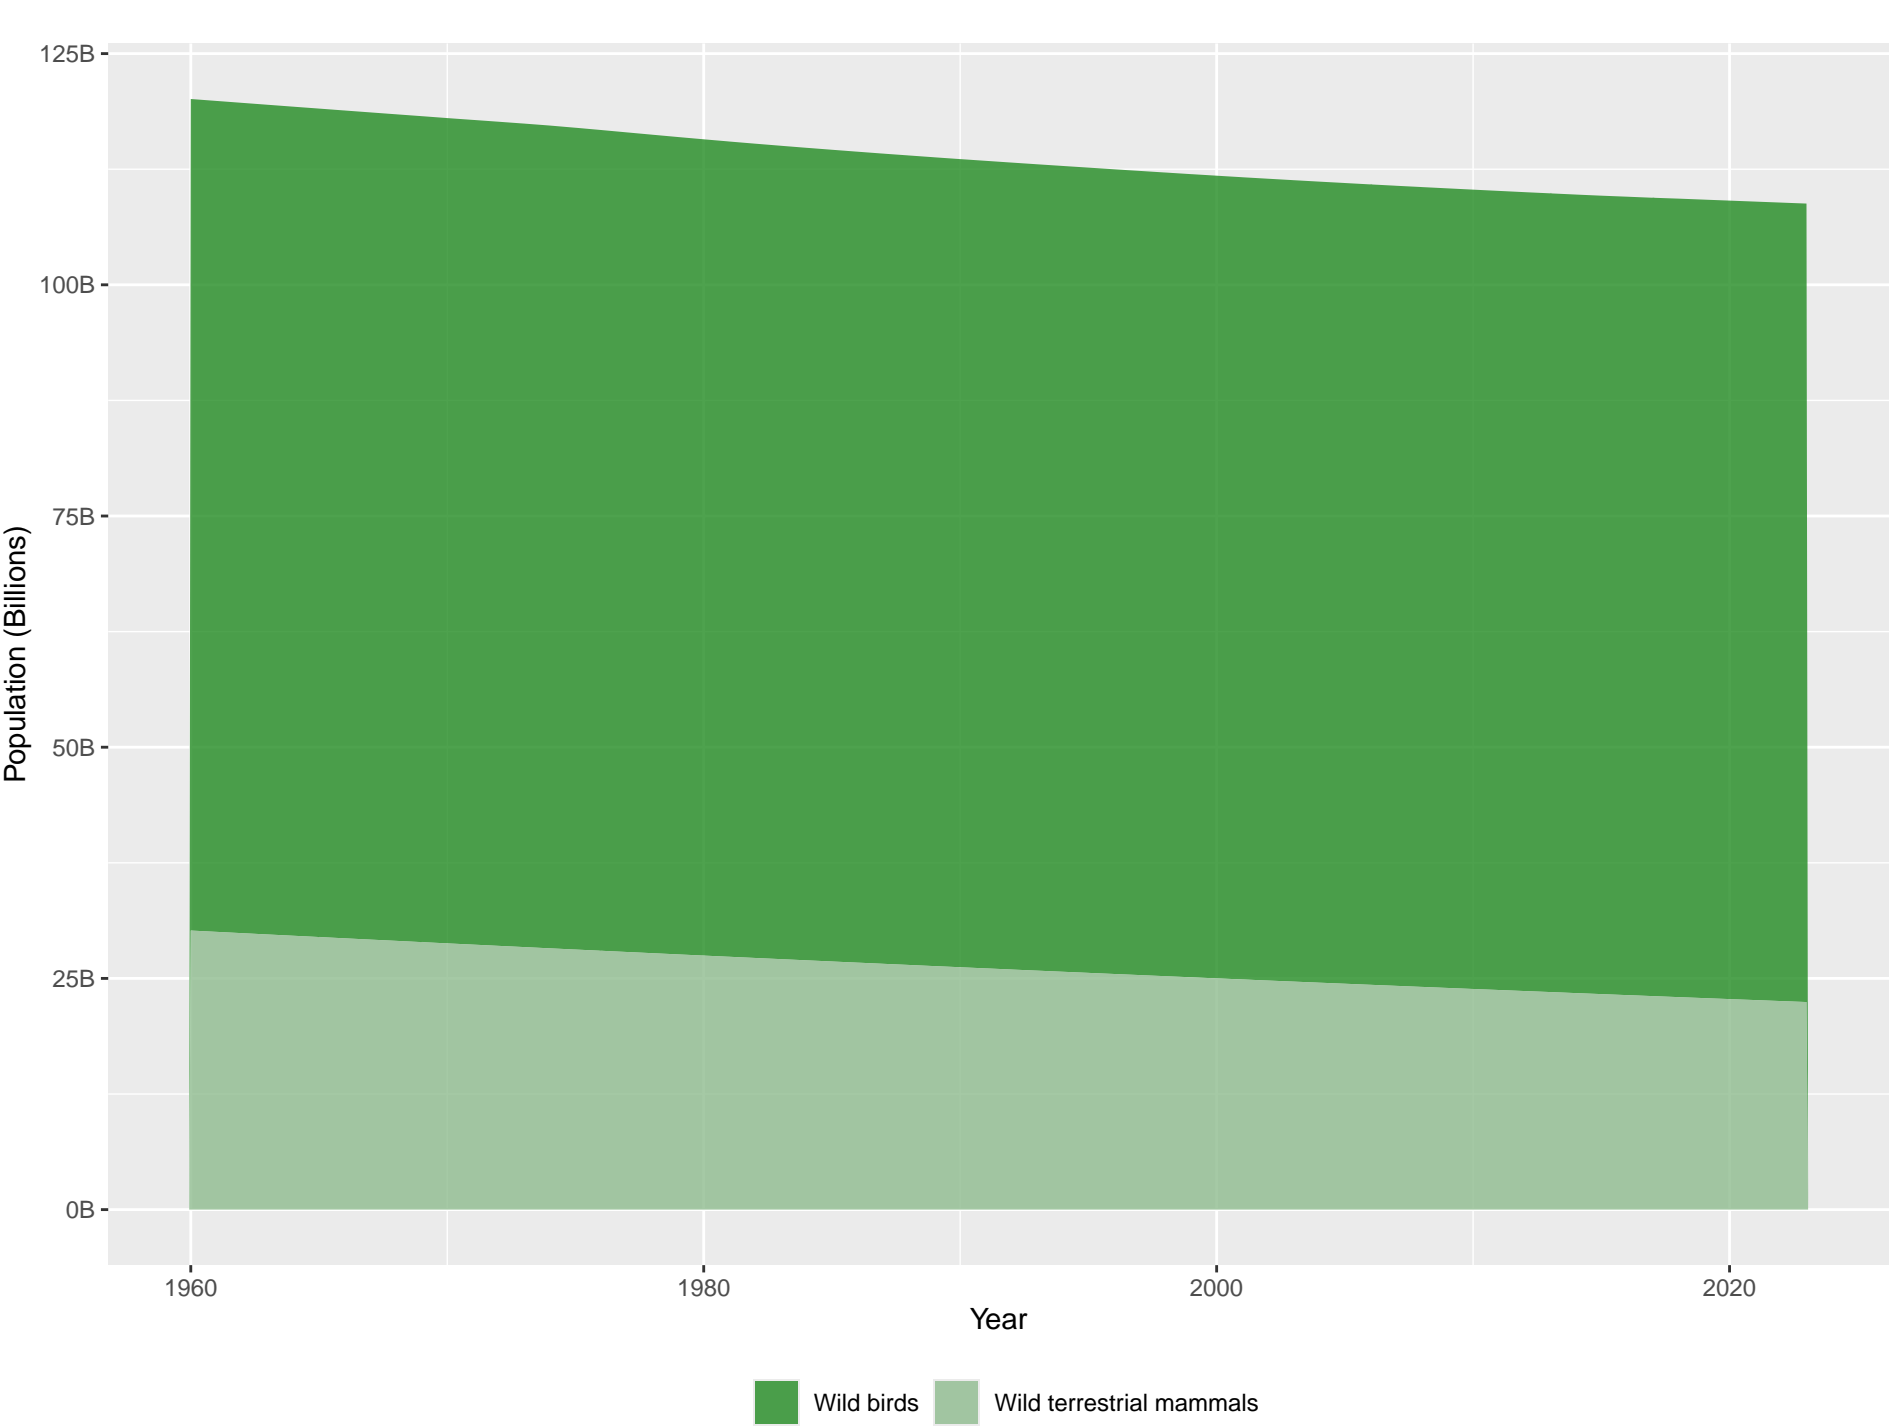

C. Farmed Animals (All)

D. Farmed Animals (No Fish/Chickens)

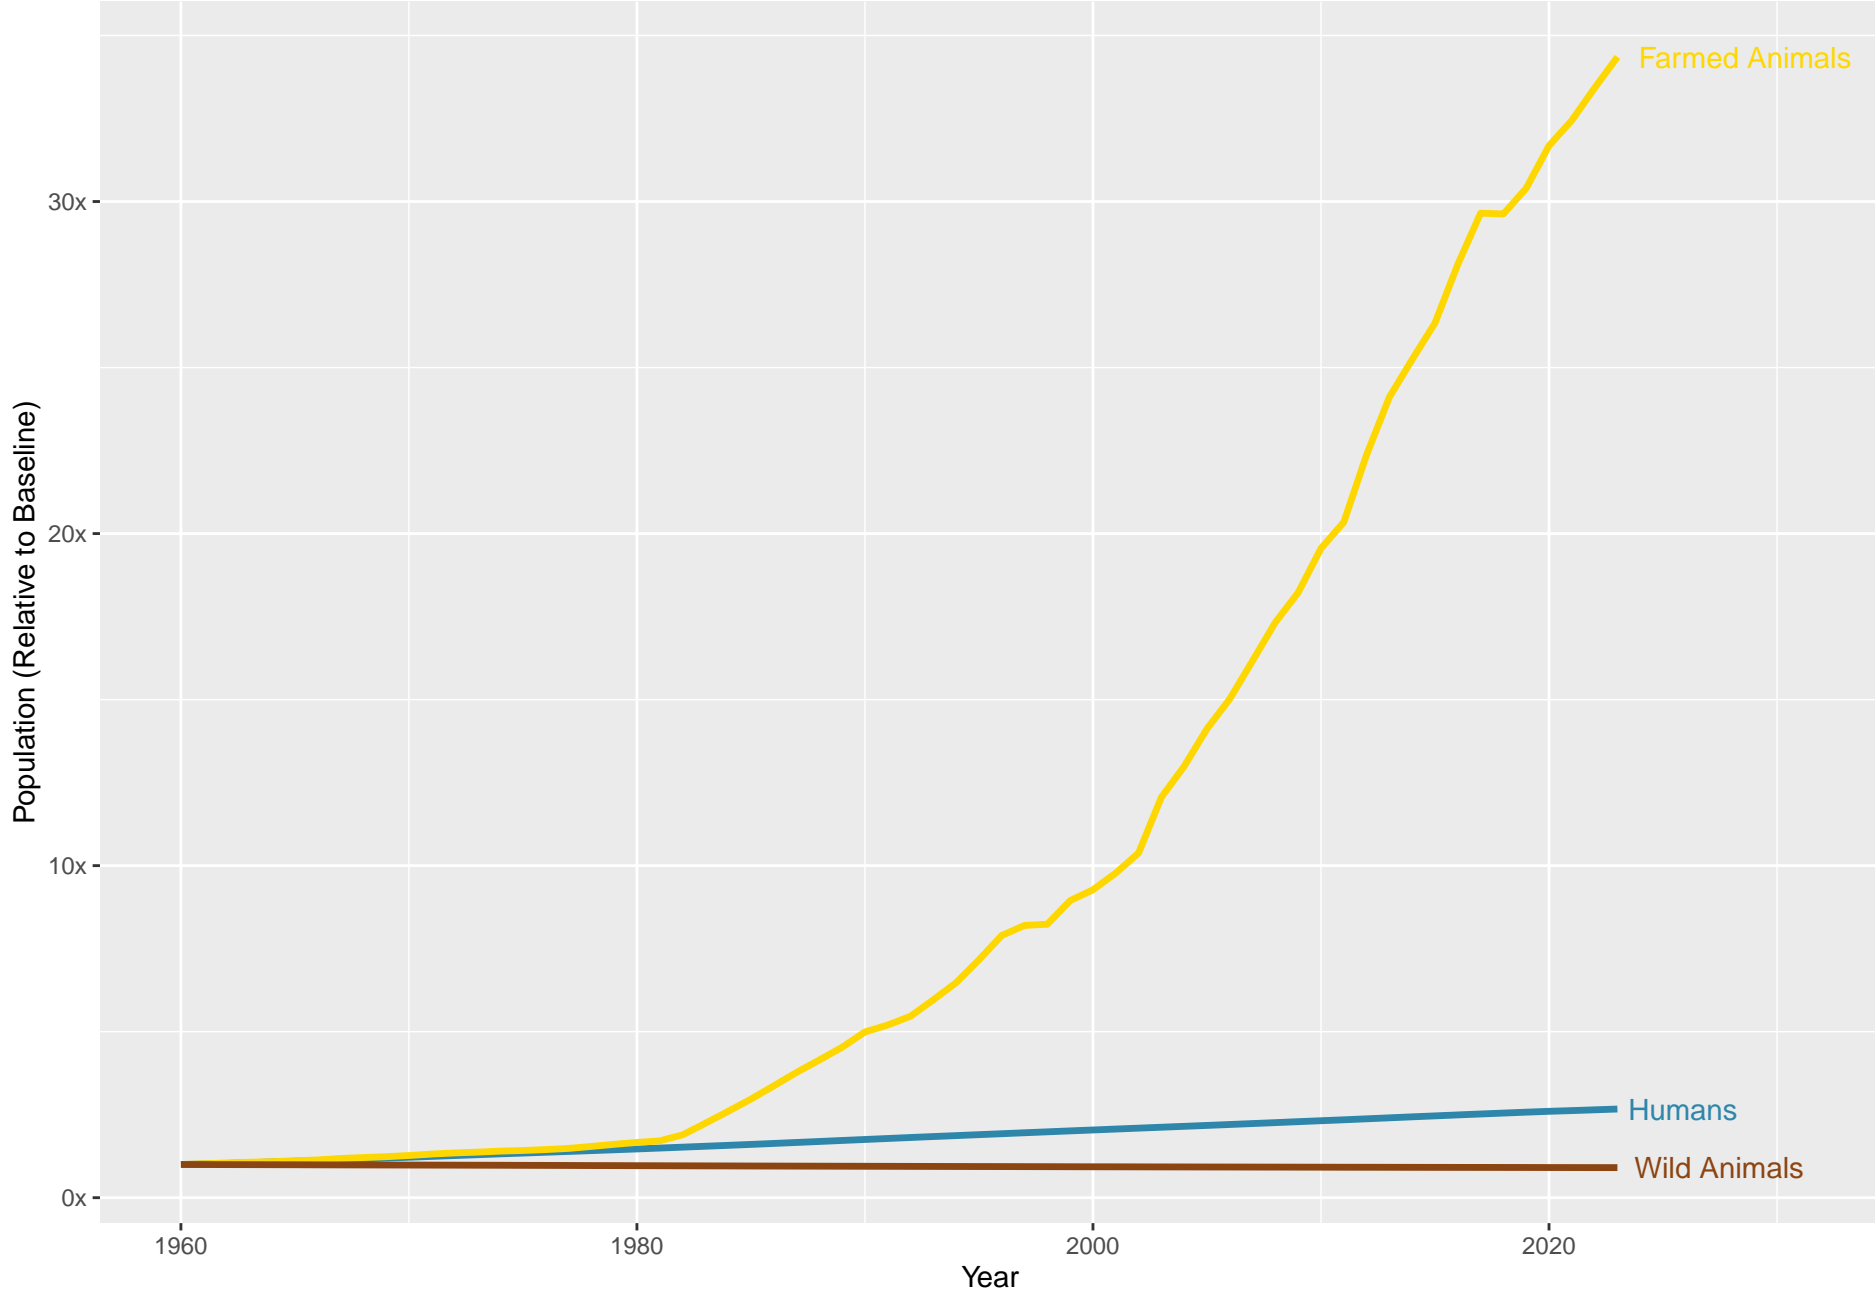

E. Wild Animals

F. Relative Population Trends

Relative to baseline year reveals growth patterns

Note: Excludes wild terrestrial arthropods, wild fish, and farmed bees for clarity
